- Automation and Data Scraping:
  Selenium, BeautifulSoup
- Full-Stack Development:
  Django Framework, React
- Version Control: Git

LANGUAGES

- English (Fluent)
- Urdu (Fluent)
- Sindhi (Fluent)

RASHID ALI

SOFTWARE ENGINEERING STUDENT

PROFILE

I am a aspiring Software Developer with expertise in Python and Java programming languages. My experience includes data scraping and form automation using tools like Selenium for web interaction. Additionally, I have contributed to the development of a Django e-commerce website. My goal is to leverage my technical skills and innovative mindset to solve complex problems and contribute to impactful projects in a dynamic tech environment.

WORK EXPERIENCE

- **Freelancing** — **2023-Present**
  Software Developer

  - Built bots for automating form submissions.
  - Updated scripts to improve scheduling.
  - Developed a web scraping bot for processing a large volume of sites and pages.
  - Worked with clients to understand their needs and deliver appropriate solutions.

- **Sybrid Private Limited** — **Aug-Sept 2024**
  Intern Software Developer

  - Collaborated with a dynamic team to design, develop, and maintain RESTful APIs.
  - Assisted in troubleshooting and optimizing API integrations to enhance performance.
  - Gained valuable hands-on experience in API development and cross-team collaboration.
